GIFT GUIDE

There's a noisy monster under Alexander's bed. Baby T's monster has a rumbling tummy.

Daddy has monstrous problems at work. But what about Mummy?

Join Alexander in his latest colourful quest to find the answer to the puzzling question…

Are Mummies scared of monsters?

Inspired by the style of Eric Carle and Lauren Child, ***Are Mummies Scared of Monsters*** follows Alexander on a quirky, colourful new quest, perfect for curious little ones with a playful sense of humour. Fransie's previous children's books have been hailed as *"fun, bold and colourful"* by Reading Zone, *"beautiful"* by BBC Radio and praised for having *"quirky originality"* from the Press Association. I think this would make a wonderful gift for mum of little ones to read together!
